

**The Town of South Coffeyville
PO Box 100, 419 Willow Street
(918) 255-6045**

Dear South Coffeyville Electric Utility Customer

Weather permitting the Town of South Coffeyville will be taking a power outage due to PSO switching from the portable transformer back to our permanent transformer, on Saturday March 31st. The job is expected to last approximately 6 hours and will start at approximately 10pm. The town is aware this is an inconvenience but we ask for your patience and understanding in this matter. Thank you.

**Robin Lamb
Maintenance Superintendent**
